## Program Overview

---

Delivered by a faculty of top global facilitators and executive coaches, the program design consists of 2 face - to - face modules and 3 virtual modules over a 12 - month period. In between each module, you will have the opportunity to work with an executive coach to develop your leadership skills, both in a one - on - one setting and through simulated group learning experiences.

The focus of the program is to help you navigate the complexities of leadership to lead yourself, your team and your organization effectively.

Once you have successfully completed the program, you should be able to demonstrate the following leadership skills:

Increased awareness into your own leadership strengths and areas of development

Increased awareness of your team's strengths and areas of development

Ability to build and motivate teams effectively

Expanded business acumen

Improved strategic decision making

Ability to drive and sustain change in yourself, your team and your organization

## What Makes this Program Unique?

Completely customized to meet the needs of emerging markets across different industries

Blended learning approach - a mix between virtual learning and face - to - face learning

Strong focus on experiential learning where participants are required to step out of their comfort zones and to learn through experience in an unfamiliar space

Emphasis on continuous learning throughout the 12- month program providing learners the opportunity to put their learning into practice

**The program is unique. The blended learning experience was very helpful and beneficial to my leadership journey.**

**I am no longer the same person that came into the program.**

## Program Content

There are a total of 5 learning modules that will be delivered over the course of the 12 - month program. Module 1 and Module 5 will be delivered in person.

In between each learning module, you will be provided with the opportunity to participate in 6 executive coaching one - on - one sessions, and 4 group coaching sessions with other participants within the cohort.

You will also be tasked with completing one workplace project whereby you will apply all the learnings gained throughout the program to your own job context.
